Tioga Media, Inc.
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed February 28, 2005, on behalf of Tioga Media, Inc. ("TMI"), for extension of the special temporary authority ("STA") granted on November 25, 2003, to operate Station WEBO from a site other than the licensed site.¹ In support of the request, TMI states that it is in the process of preparing an application for construction permit.

Our review indicates that Construction Permit BP-20070305ACA was granted on July 11, 2007, that the permit does not preclude operation with automatic program test authority, and that Application BL-20070814ACA, for license to cover the permit, is pending. Thus, STA is no longer necessary.

Accordingly, the February 28, 2005, request for extension of STA IS HEREBY DISMISSED.

Sincerely,

Charles N. Miller, Engineer
